POPULATION

By Specified Ethnic Groups

Final population counts of the 1961 Census are presented in this report distributed according to the numerically largest origins, or ethnic groups, reported in Canada. Figures are shown for provinces, counties and census divisions, as well as for individual cities, towns, and villages of 10,000 population and over.

More detailed classifications of ethnic groups by sex, age groups, etc., will be issued at later dates as part of the regular volume series of final reports of the 1961 Census. The purpose of this advance report is to make available summary totals at the earliest possible date.

For census purposes a person's origin or ethnic group is traced through his father. In the 1961 Census, each person was asked the question "To what ethnic or cultural group did you or your ancestor (on the male side) belong on coming to this continent?" Wherever possible, the language spoken at that time by the person, or his paternal ancestor, was used to determine the ethnic group. Special instructions were provided in cases where the language criterion was not applicable.

POPULATION

Selon certains groupes ethniques

Le présent rapport donne le chiffre définitif de la population répartie selon les origines ou groupes ethniques numériquement les plus importants au Canada, d'après le recensement de 1961. La répartition est donnée pour les provinces, les contés et les divisions de recensement, ainsi que pour les cités, villes et villages de 10,000 habitants et plus.

Des classements plus détaillés des groupes ethniques selon le sexe, par groupe d'âge, etc., paraîtront plus tard dans la série régulière de volumes contenant les résultats définitifs du recensement de 1961. Le présent rapport anticipé a pour but de faire connaître le plus tôt possible les totaux sommaires.

Pour les fins du recensement, l'origine ou le groupe ethnique d'une personne se retrace du côté paternel. Au recensement de 1961, chaque personne devait répondre à la question "A quel groupe ethnique ou culturel appartenait votre ascendant paternel (ou vous-même) lors de son arrivée en Amérique?" Lorsque c'était possible, la langue parlée alors par la personne ou par son ancêtre paternel a servi à déterminer le groupe ethnique. Des directives spéciales prévoyaient les cas où le critère de la langue ne pouvait s'appliquer.
